REPORT ON SHIPPING

To the Honourable

J. D. HAZEN,

Minister of Marine and Fisheries.

SIR,—I have the honour to submit herewith the twenty-fourth List of Shipping issued by this Department. It has been compiled chiefly from records kept in the Department, and care has been taken to make it as complete and accurate as possible. Motor vessels are distinguished from steamers, by printing their names in italics.

At the end of the List will be found a statement of the names of the vessels which have been registered, or have been removed from the Register Books, while the List was in the course of preparation.

The total number of vessels remaining on the Register Books of the Dominion on the 31st of December, 1914, was 8,772, measuring 932,422 tons, being an increase of 227 vessels and 35,457 tons, as compared with 1913. The number of steamers on the Register Books on the same date was 4,054, with a gross tonnage of 744,783. Assuming the average value to be \$30 per ton, the value of the net registered tonnage of Canada on the 31st December, 1914, would be \$27,972,660.

The number of new vessels built and registered in the Dominion of Canada during the year 1914, was 327, measuring 43,346 tons net register. Estimating the value of the new tonnage at \$45 per ton, gives a total value of \$1,950,570.

A comparative statement showing the tonnage of each of the Maritime States of the world is again given.

During the year 212 vessels were removed from the Register Books, and a detailed statement is given showing the cause of their removal.

It is estimated that 45,163 men and boys, etc., inclusive of the masters, were employed on ships registered in Canada, during the year 1914.

RAPPORT SUR LA MARINE MARCHANDE

A l'honorable J. D. HAZEN,

Ministre de la Marine et des Pêcheries.

MONSIEUR,—J'ai l'honneur de présenter la vingt-quatrième liste de la Marine publiée par ce département.

Cette liste a été calculée à même les dossiers du département et on a eu soin de la rendre aussi complète et aussi exacte que possible. Les marines à moteur sont indiquées, indépendamment des vapeurs, en italiques.

On trouvera à la fin de la liste le tableau des marines ayant été enregistrées ou biffées des registres alors que la liste était en cours de préparation.

Le nombre total des navires portés sur les registres du Canada au 31 décembre 1914 était de 8,772, d'un tonnage de 932,422 tonnes, ce qui donne une augmentation de 227 marines et de tonnage de 35,457, par rapport à l'année 1913. A la même date, le nombre des vapeurs figurant au registre était de 4,054, d'un tonnage brut de 744,783 tonnes. En estimant la valeur moyenne du tonnage à \$30 le tonneau, le tonnage enregistré au Canada au 31 décembre 1914 serait de \$27,972,660.

Le nombre total des marines construits et enregistrés au Canada durant l'année dernière a été de 327, d'un tonnage de 43,346 tonnes. En estimant la valeur du nouveau tonnage à \$45 le tonneau, on obtient une valeur de \$1,950,570 pour les nouveaux marines.

La liste contient aussi un tableau comparatif, indiquant le tonnage de chacun des pays maritimes du monde.

Durant l'année écoulée, 212 marines ont été biffées des registres pour les raisons données.

On estime à 45,163 le nombre des hommes et des garçons, etc., y compris les capitaines, qui furent employés à bord des marines enregistrés au Canada, pendant l'année 1914.
